

JUNIOR TECHNOLOGY & MARKET ANALYST

| IMAGING

With offices in France, Germany, Japan, Greater China and the U.S.A, Yole Développement (Yole) the « More than Moore » company, provides market research, technology analysis, strategic consulting, media services and financial services to a worldwide customer base.

Covering emerging and disruptive silicon and micro manufacturing markets, the group supports companies, investors and R&D organizations by delivering comprehensive analysis that helps them understand the markets and technology trends critical to their business.

JOB DESCRIPTION

Our company proposes a **Technology and Market Analyst** position to help us further develop our **Imaging activities** from image sensors design & manufacturing to camera modules applications by performing market, technology, and strategic analyses.

Within the Photonics & Sensing division, you will work in close collaboration with the Imaging Activity Leader as well as take part in the projects of the different divisions (Power & Wireless, Semiconductors & Software).

Regular business trips (Europe, USA, Asia) are expected.

The position would be ideally based in France (Headquarter) but remote is possible.

YOUR RESPONSABILITIES

As an Analyst, you will be responsible to :

- Execute technical, marketing, and strategic analyses
- Oversee technology and industry insights from component (CMOS Image Sensors, CCD sensors, Ambient Light Sensors, Proximity sensors, IR-detectors and imagers, etc.), module (Packaging, Optical Image Stabilization, Autofocus), to end-applications (consumer, automotive, industrial, medical, defense...)
- Understand the impact of the emergence of new technologies
- Execute projects within a given timeframe and budget
- Participate in the establishment and structuration of commercial offers
- Create and manage long-term relationships with customers
- Collect information and promote our activities in conferences and dedicated trade-shows

EDUCATION / EXPERIENCE

- University Degree (Masters, Engineer, PhD) in a semiconductor related field is mandatory.
- First experience ideally in the Imaging field
- Strong interest in product market entry / applications (marketing, strategic planning, etc.).
- Fluent in English (minimum CI level – TOEIC 900)
- Good command of English and French (both spoken and written)
