

UV LED market boosted by curing applications

UV LED report, from Yole Développement

Lyon, France – June 8, 2011–Yole Développement is pleased to organize a webcast on this topic. The webcast entitled: "UV LED market boosted by curing applications" will be presented by Yann de Charentenay on **Thursday, 9th of June at 5:30 pm CEST** (Paris time) / 8.30 am PDT.

This is a live event, TO REGISTER NOW, please click [HERE!](#)

Join our webcast to discover the challenges of the UV LED market. In addition, anyone that attends live will receive a 10% discount off the price of UV LED report!

UV LED report provides a complete analysis of the UV LED industry along with major market metrics of the current traditional UV lamp business. It also describes targeted applications, key players, volumes and related market size of each segment. Under this report, Yole Développement analyses the recent progress in AlN single-crystal substrates as well as the UV LED performance roadmap.

Webcast technical information: Audio (phone/VoIP) & video broadcast with chat panel discussion possibilities, duration 30 minutes, in English language, browser pref. MS IE 8+, iPhone possible.

Speaker:

Yann de Charentenay was granted a master degree in physics in INPG in Grenoble and also in Innovation management from Compiegne University. Since 2003, he has worked for Yole Development in the field of MEMS, materials and compound semiconductors. He has contributed to more than 60 marketing and technological analysis.

About Yole Développement

Created in 1998, Yole Développement is a market research and strategy consulting firm analysing emerging applications using silicon and/or micro manufacturing. With 20 full time analysts tracking MEMS, Microfluidics, Compound Semiconductor, Power Electronics, Photovoltaic, Advanced Packaging and Nanomaterials, Yole Développement supports companies and investors worldwide to help them understand markets and follow technology trends

Services

- Market research and market data
- Technology analysis
- Market workshop
- Strategy consulting
- M&A support, fund raising and due diligence

Reports

- Collection of market & technology reports
- Players & technology databases and market data
- Manufacturing cost simulation tools

- Component reverse costing analysis

Media

- Critical news, Bi-weekly: Miconews, the magazine
- In-depth Quarterly Technology Magazines: MEMS Trends Magazine – 3D Packaging Magazine – PV Manufacturing Magazine – Power Dev' - iLED
- Online disruptive technologies website: www.i-micronews.com
- Exclusive Webcasts
- Live event Market Briefings
